Dear Mr. Shum,

Wooden Tower Challenge

Congratulations to you and your team for emerging as the **Champion** at the **Structural Engineering Competition for Youth 2018 – Wooden Tower Challenge** co-organized by the Structural Division of The Hong Kong Institution of Engineers (HKIE), Education Bureau, and the Department of Architecture and Civil Engineering, City University of Hong Kong held on 14th July 2018.

From among thirty (30) participating teams, the team made up of **Leung Ka Lun, Lam Ka Yung, Cheung Tsz Lok and Leung Ka Hei** won the award, for coming up with a wooden tower with the highest effective loading in the competition. The panel of judges was impressed with the structural design skills showcased by the team and wishes that the team members do not relent in their efforts.

The award recipient team receives **a certificate of award, an award crystal trophy and HK\$3000 prize money**. Accompanying this letter is the prize money pay cheque issued in the official account name of the school “**The Incorporated Management Committee of NLSI Peace Evangelical Secondary School**”.

It is indeed a great honour for you and your team to emerge as one of the winners among many deserving and competitive peer teams. We are extremely proud of the team's hard work and ingeniousness!

Once again, hearty congratulations!

Yours Sincerely,

Ir. Ching-ling LAU
Hon Treasurer
Structural Division, HKIE
